Horsemen of America, International Mountain Bicycling Association, National Wilderness
Stewardship Alliance, Rails-to-Trails Conservancy**

Chair Pingree, Ranking Member Joyce, and members of the subcommittee, on behalf of American Hiking Society and the millions of trail users our collective organizations represent who spend their time, money and energy to get out on trails for recreation, health and wellness, and to volunteer, I thank the Committee for the opportunity to provide testimony on the importance of adequately funding our nation's trails and public lands to ensure access for all. We ask the Committee to adopt the following funding requests so the federal government can continue to leverage private contributions and benefit from volunteer labor as well as provide inexpensive, healthy outdoor recreation options for your constituents and all Americans. Appropriations for federal land management agencies requested herein, coupled with the significant resources provided by non-profit partners, serve to accelerate collective stewardship of our nation's public lands and waters and enhance climate adaptability.

Forest Service Recommendation:

National Forest trails benefit everyone and receive increasing public use each year. Collectively, the National Forests provide 159,000 miles of trails for activities ranging from hiking, biking, horseback riding, off-highway vehicle usage, groomed winter trails for cross-country skiing and snowmobiling, and access points for “river trails.” Roughly 120,000 of the 159,000 miles of trails are in need of some form of maintenance or repair.

Program: Capital Improvement and Maintenance, Trails

FY23 Funding Level Requested: \$30.51M

FY22 Level: \$18.5M

Department: US Department of Agriculture

Agency/Account: Forest Service, Capital Improvement and Maintenance, Trails

Report Language requested: “Volunteer groups, Tribal organizations, and non-profit partners are integral to the trail building and maintenance required for the 159,000 miles of trails on National Forest System lands, including more than 10,000 miles of nationally designated scenic, historic, and recreation trails. The Committee supports the Forest Service’s 10-Year Trail Shared Stewardship Challenge and continuing the Trail Stewardship Partner Funding Program to facilitate these efforts. The Committee is aware of the growing need to sustain and increase the capacity for resilient trail building within the outdoor recreation community.”

“National Scenic and Historic Trails.—The Committee directs the Forest Service to continue to provide specific trail operation, maintenance, and construction funding and accomplishment data for the national scenic and historic trails in future budget justifications.”

Program: National Forest System Trail Stewardship Trail Partner Funding Program

Department: US Department of Agriculture

Agency/Account: Forest Service, Capital Improvement and Maintenance, Trails

Report Language requested: Within Capital Improvement and Maintenance, Trails the committee supports continued funding for the National Forest System Trail Stewardship Trail Partner Funding Program. Much of the Forest Service’s trail work is accomplished today by volunteer groups and non-profit partners. The Forest Service has a successful Trail Stewardship Partner Funding challenge cost share program that leverages federal funding by 3 to 5:1.

BLM Recommendation:

The BLM manages 13,468 miles of trails over 245 million acres —more land than any other federal land management agency and contains a diversity of landscapes that often provide the public less structured but nonetheless diverse recreational opportunities. BLM recreation resources and visitor services support strong local economies. More than 120 urban centers and thousands of rural towns (comprising 64 million people) are located within 25 miles of BLM lands.

FWS Recommendation:

Refuge Visitor Services provides funding for trail maintenance across FWS-managed land. Located in every U.S. state and territory, and within an hour’s drive of nearly every major U.S. city, National Wildlife Refuges provide incredible opportunities for outdoor recreation, including hiking, hunting, fishing, birding, boating and nature photography across 2,500 miles of trails. More than 37,000 jobs are reliant on refugees. Funding at a level of \$93M will provide for trail maintenance across the land and water trails, refuges, wetlands, and hatcheries, including eleven National Scenic and Historic Trails and forty-four National Recreation Trails.

(Across Agencies) Restore Staffing for Federal Land Managers Recommendation:

Federal land managers, including those overseeing recreation and trails programs across NPS, USFS, BLM, and FWS sites, continue to face staffing shortages impacting the ability to adequately manage, maintain, and conserve the nation’s trails. Across the board land management agency staffing needs to be increased in order to support all aspects of trail management and maintenance, including volunteer engagement and partnerships, land acquisition, on the ground maintenance of trails systems that are desperately in need of attention to reduce maintenance backlogs, ensure that trails are safe and accessible, and address current and anticipated high levels of public use.
